

The holiday in Sri Lanka was brilliant. It was horrible to come home as you have such a beautiful country and we hope to be able to come back soon. Your service was very good and we could not fault it. It was a shame that there were parts that we could not visit but this was not your fault. We have not e mailed you as had lost your e mail address so it is good that you have got in touch as we would like to keep contact with you and hopefully arrange our return visit through you.
